⊡Roland® System Version Procedures

A

Model	Procedure
A-50/80	While holding the first, third, and fourth buttons under the display, press CHANNEL
A-70/90/90EX	Power on while holding buttons 1, 3 and 5 (Caution: Back up any user settings before performing these steps. The unit will revert to factory settings)
AP-700	Press EXIT repeatedly to get to ANALYZER/FILTER. Cursor to MENU, press ENTER. Cursor to SYSTEM, press ENTER. Cursor to INFORMATION, press ENTER
AR-100/200	Power on while holding the DOWN (v) button
AR-1000	Power on while holding the LEFT (<), RIGHT (>) and EXIT buttons
AR-2000/3000	Power on while holding SELECT
AT-10	While holding down the PLAY and RESET buttons, press ROTARY
AT-30/80/90	Power on while holding INTRO/ENDING and START/STOP. Press COUNTRY 1
AT-30R/50R	Power on, then press and hold TRACK 4 and PLAY. Press MANUAL DRUMS
AT-50/70	Power on while holding INTRO/ENDING and START/STOP. Press SWING
AT-80R/90R	Power on, then press and hold TRACK 4 and PLAY. Press MANUAL DRUMS

B

Model	Procedure
BR-8	Power on while holding UNDO/REDO and the TRACK 1 REC button
BR-1180/1600	Power on while holding UNDO and the TRACK 1 REC button
BR-532	Power on while holding V-TRACK and BOUCE ON/OFF
BR-600/900CD	Power on while holding the CURSOR Left (<) and Right (>) buttons
BR-864	Power on while holding ARRANGE/PATTERN/OFF and PROGRAM
BR-1200CD	With the power on, press ENTER/YES and EXIT/NO

C

Model	Procedure
CA-30	Power on while holding MUSIC STYLE and ADVANCED
CD-2	Power on while holding SPEAKER MUTE and EXIT until the version shows in the display
CDX-1	Power on while holding PAD 5, PAD FF, PAD STOP
CR-80	Power on while holding buttons 10 and 12

D

Model	Procedure
D-2	Power on while holding VELOCITY and ENTER
D-5	Press MODE repeatedly until the ROM PLAY light comes on. While holding EXIT and EDIT, press ENTER. While holding down A/B, press the BANK 8 button
D-10/20	Power on while holding EDIT and DATA TRANSFER
D-50	Power on while holding INCREMENT and the 0 SPACE button
D-70	Power on while holding the NUMBER 1 button
D-110	Power on while holding PART DOWN (v), BANK DOWN (v) and ENTER
D-550	Power on while holding BANK 6, NUMBER 6 and EXIT
DEP-3/5	Power on while holding NUMBER and VALUE
DJ-70/70MKII	Power on
DJ-1000	Set the EFFECT switch to Off, then power on while holding Stop/Play (■/ ▸)
DJ-2000	Power while holding TAP
DM-80/800	Power on
DR-3	Power on while holding VARIATION PTN and VARIATION MUTE
DR-5	Power on while holding the square "m" and square "A" buttons

DR-202	Power on while holding REC and START
DR-550/MKII	Power on while holding TEMPO and the >/+1 button
DR-660/770	Power on while holding SONG and the #7 button
DR-670	Power on while holding REC and ZERO on the numeric keypad
DR-880	Power on while holding RESET, REWIND, and FORWARD
DS-330	Power on while holding LOW/SUB, UTILITY and the NUMBER DOWN (v) button

E

Model	Procedure
E-20	Power on while holding the REVERB ON/OFF button
E-28US	Power on while holding TONE 2
E-30	Power on while holding the REVERB ON/OFF button
E-35	Power on while holding the BANK 8 button in the TONE section
E-38	Power on while holding TONE 2
E-56	Power on while holding UPPER in the KEYBOARD MODE section
E-66	Power on while holding PLAY in the DISK RECORDER section
E-68US	Power on while holding TONE 2
E-70	Power on while holding ENTER
E-86	Power on while holding MIXER
E-96	Power on while holding the F1 button to the right of the display
E-300	While holding ACCOMP (Part Volume), press BASS and UPPER. Power off to exit
E-500	While holding PART VOLUME ACCOMP, press TRACK2/BASS/ACCOMP and TRACK4/UPPER
Other E-Series	No system version displayed
EF-303	Power on while holding EFFECT CUE, FREQ RANGE and SYNC TYPE.
EG-101	Power on while holding DANCE/2
EM-10/20/30/50	Power on while holding TONE 1, Power off to exit
EM-20	Power on while holding TN 5
EM-303/505	Power on while holding MUSIC STYLE buttons 3, 5 and 7. Release those buttons, then press MUSIC STYLE button 1
EM-2000	Power on while holding WRITE, SHIFT and RESET/TAP TEMPO, Power off to exit
EXR-3/5/7/40OR	Power on while holding FUNCTION and 1
EP-75/85	Power on while holding E PIANO 3
EP-707	Power on while holding MUSIC STYLE buttons 3, 5 and 7. Release those buttons, then press MUSIC STYLE button 1
All Other ep	No system version displayed

F

Model	Procedure
Fantom	Power on while holding REALTIME CONTROL 1, REALTIME CONTROL 3 and RECORD
Fantom-G6/7/8	With the power on, press MENU. Press F2 [System], then press F4 [Info].
Fantom-S/S88	With the power on, press MENU. Turn the VALUE dial to select "System," then press ENTER. Press F4. Use F1[Up Arrow] and F2[Down Arrow] to select "Version Info". Press EXIT to return to the main menu

MT-32	Power on while holding the PART 4 button, RHYTHM and MASTER VOLUME
MT-80S	Power on while holding METRONOME. Press the VALUE + button. Immediately hold the MARKER CLEAR button and press RESET
MT-90S	With the unit on, Press SONG, 2 and PLAY simultaneously
MT-100	Power on while holding EXECUTE, QD-EXECUTE and LOAD
MT-120/120S	Power on while holding REPEAT, SONG (blue button), and PLAY
MT-200	Power on while holding REPEAT, SONG (blue button), and PLAY
MT-300/300S	While holding SONG and COUNT IN, press METRONOME. Power off and on to exit
MV-30	Power on while holding F1. The ROM version will be displayed. When "Welcome to the World of Studio M" is on the screen the system disk version will be displayed
MV-8000/8800	With the power on, Press SYSTEM then F5 INFO

P

Model	Procedure
P-55	Power on while holding LEVEL LEFT (<) and PAN RIGHT (>)
Pad-80	Power on while holding both NUMBER buttons
PMA-5	Power off. Set COMPUTER switch to MIDI. Power on while pressing EXIT, then immediately press STOP
PR-100	Power on while holding EXECUTE, QD-EXECUTE and LOAD
Pro-E	Power on while holding the REVERB ON/OFF button

R

Model	Procedure
R-09/HR	Power on while holding the STOP button
R-5	Power on while holding CONDITION and EXIT, then press ENTER
R-8	Power on while holding FUNCTION and EXIT, then press ENTER
R-8MKII	Power on while holding TEMP ASGN and EXIT, then press ENTER
R-8M	Power on while holding CURSOR LEFT (<) and VALUE DOWN (>)
R-70	Power on while holding ASSIGN and MIXER
R-880	Power off. Connect an RRC cable from the RRC OUT of a GC-8, to the RRC IN of the R-880. Turn the MIDI/RRC switch to RRC. Power on. (Display shows GC-8 version number.) Press CANCEL. (Display shows R-880 version number)
RA-30	Power on while holding START/STOP and TO ORIGINAL
RA-50	Insert a sustain pedal into the EXT PEDAL 1 jack. Hold the pedal down. Power on while holding the REVERB ON/OFF button
RA-90	Power on while holding SYNC START
RA-95	Power on while holding PLAY

RA-800	Power on while holding the F1 button to the right of the display
RC-50	Power on while holding PARAMETER Left and Right.
RD-300GX	Power on while holding SOUND CONTROL
RD-300SX	With the unit on, hold down EDIT and WRITE and press SOUND CONTROL
RD-500	Power on while holding SYNTH, E.GRAND, MKS-20 and the NUMBER 8 button
RD-600	Power on while holding INTERNAL TONE VARIATION 1, PART SELECT TX LOWER, and PART SELECT TX UPPER
RD-700GX	Power on while holding V-LINK
RD-700/SX	With the unit on, press the EDIT button while pressing both the CURSOR RIGHT and PART SELECT(LOWER) buttons Power off when done
RS-5/9	Power on while holding PERFORM TONE, USER/PRESET and 1/PIANO
RS-50/70	Power on while holding DESTINATION TONE, ENV, and TAP TEMPO
RSP-550	Power on while holding PROGRAM/PAGE DOWN (v), VALUE DOWN (v), PARM and CONTROL
RSS-10	Power on while holding DEVICE ID and FUNCTION. Press DEMO PROGRAM
RSS-303	With unit powered on, simultaneously press LEVEL, USER PROGRAM 3 and SETUP
RV-70	Power on while holding UP (^), DOWN (v) and WRITE. Press UP (^)

S

Model	Procedure
S-10	Power on while holding PERFORMANCE and MIDI
S-50	Connect the S-50 to a CRT, then turn CRT power on. Turn on the S-50 and insert the system disk (only ver. 1.01 to 1.09 will work). Press FUNCTION, then the "P1" button. Press SHIFT, then the #1 button on the ten-key pad. Press ENTER
S-220	Power on while holding PERFORM and MIDI
